

August 2005

I am delighted to bring to your attention the latest news from the [Communication Arena](#).

Editor's Focus

This month's Focus concentrates on the recently-released Thomson Scientific's ISI Citation Report rankings. Several of the National Communication Association Journals, published by Routledge, have scored high impact factors for another year; this is based on the mean number of times that articles in a particular journal are referenced by other articles. [Click here](#) to see how well these journals have progressed.

Sample Articles and Special Offers

During August there will be free online access to selected [sample articles](#) from *Critical Studies in Media Communication*, *Quarterly Journal of Speech* and *Communication Monographs*, three of the ISI ranked NCA Journals. These are available to view online for a limited period through the Arena. We're also offering a 20% discount on personal subscriptions to these three journals.
